APPENDIX G DAC INVENTORY & OUTREACH SUMMARY

	SR1:	Northern '	Tulare County				Water System		Se	ewer System		Storm Water	and Drainage	Flooding	Problems
Water System	Туре	Area Type	School District	Water Provider	Outreach Notes	Type of System	Needs	Notes	Have	Needs	Notes	Have	Needs	Have	Needs
Cutler Elementary School		School	Cutler-Orosi USD	Cutler PUD		Groundwater; community water system	none at this time	NA		NA	NA			NA	NA
Cutler PUD	С	Community		Cutler PUD		Groundwater; community water system Groundwater;	Not enough sectionalizing valves. Need valves installed on Water Distribution System. Currently need to shut down whole system to make repairs.	According to Cutler PUD Manager, Dionicio "Junior" Rodriguez the water distribution system is in dire need of sectionalizing valves in distribution system.	None at this time.	USDA application submitted		unkown		NA	
Delft Colony	С	Community		Tulare County CSA		community water system				NA		unknown		NA	
East Orosi CSD	С	Community		East Orosi CSD		Groundwater; community water system	Water system is high in nitrates. Need to rehabiliate existing wells and/or connect to new supply.	EOCSD has applied for IRWMP grant to rehabilitate East Well.	None at this time	NA	NA	Unknown	seeking funding	Areas floods during storm season.	
El Monte School		School	Cutler-Orosi USD	OROSI PUD		Groundwater; community water system	None at this time	NA	None at this time.	NA	NA	NONE		NA	NA
El Monte Village MHP	С	Private		El Monte Village MHP		Groundwater; community water system	and needs repairs.	Nitrate MCL over 45. Owner recently received notice of Prop 84 funding and reqwuests assistance with planning application.	None at this time	NA	NA	(none)		Do not have drains and therefore area floods during rain season.	
Gleanings for the Hungry	С	Private		Gleanings for the Hungry		Groundwater; community water system	Currently they are "blending" water from Wells #2 and #3 due to capacity limitation in Well #2 and high nitrates in Well #3. Install new well.		Septic system w/leachline currently meeting needs.	NA	NA	Unknown	Seeking state funding.	NA	No problems noted
Grandview School	NTNC	School	Dinuba USD	Dinuba Unified School District		Groundwater; community water system	None at this time	NA	None at this time.	NA	NA	NONE		NA	NA
Griggs Avenue	С	Community		City of Dinuba		connected to city of Dinuba water ssytem.		unable to contact	Septic systems					Area floods during rainy season	would like to seek funding
London CSD	С	Community		London CSD		No water meters on system.	Water system needs to have meters installed.		None at this time.	NA	NA		NA	NA	
Lopez Labor Camp	С	Private		Camp/Cutler PUD		Groundwater; partially tied to Cutler PUD water system; partially served by private well.			NA			NA			
Lovell School	NTNC	School	Cutler-Orosi USD	Cutler-Orosi Unified School District		Groundwater; community water system	None at this time	NA	unknown.	NA	NA	NONE			
Monson		Community		no water system		Served by provate wells	High percentage of provate wells contaminated with nitrate. Currently the community is seeking support from Tulare County to submit a funding application on their behalf to CDPH.	Monson is not a legal entity and thefore is not eligible to apply for funding.	unknown			NA			

	<u>SR1:</u>	Northern '	Tulare County	Y			Water System		Se	ewer System		Storm Water	and Drainage	Flooding	; Problems
Water System	Туре	Area Type	School District	Water Provider	Outreach Notes	Type of System	Needs	Notes	Have	Needs	Notes	Have	Needs	Have	Needs
Norseman MHP	С	Private		Norseman MHP									NA	NA	
Orosi High		School	Cutler-Orosi USD	Orosi High			None at this time	NA	None at this time.	NA	NA	NONE			
0.000.111611		00.1001		G. 655 T. 11 ₆ T.		Groundwater; community water	none at any time								
Orosi PUD	С	Community		Orosi PUD		system			None at this time.	NA	NA	None at this time		NA	NA
Palm School		School					None at this time	NA	None at this time.	NA	NA	NONE		NA	NA
Seville	С	Community		County of Tulare as Receiver		Seville's community water system is currently under receivership with the County of Tulare.	Water system is high in nitrates.	County of Tulare received CDPH Prop 84 Planning Grant for Yettem and Seville						Potion of community flooded a couple of years ago	Need to direct Sontag Ditch water away from communitypossibly into Stone Corral Drainage Ditch
Stone Corral Elementary School	С	School	Stone Corral Elementary SD	Stone Corral Elementary School District		Water system high in nitrates.	The schools water is high in nitrates and the distribution system needs repair.	The County of Tulare has has submitted a Prop 84 planning application on behalf of the community of Seville which includes the school.	None at this time.	NA	NA	NONE		School flooded a couple of years ago	Need to direct Sontag Ditch water away from communitypossibly into Stone Corral Drainage Ditch
Sultana CSD	С	Community		Sultana CSD		Groundwater; community water system	Backup well exceeds DBCP MCL. System needs a second source of potable water.			N/A		(none)		(none)	
Traver	С	Community		California Water Services		Groundwater; community water system									
Traver Joint Elementary School	С	School	Traver Joint Elementary School	Traver Water system by California Water Services		Groundwater; community water system	None at this time		Unknown	NA	NA	None		NA	NA
Yettem	С	Community		Tulare County CSA		Groundwater; community water system	One well at times exceeds nitrate MCL. Currently blending water that marginally meets nitrate MCL System needs more capacity.	County of Tulare received CDPH Prop 84 Planning Grant for Yettem and Seville. An intertie with Seville water ssytem is being investigated in this planning process.
